

# Specification Sheet

## Flammable Cabinet - 30L

Product Code: 04-1063

### Product Features

Where there are only small amounts of flammable liquids to be stored this baby of the Chemshed family provides a great solution. Frequently used in labs, for Class 3 flammable liquids storage, this cabinet punches well above its weight.

Just as tough and reliable as the larger cabinets in the range, thanks to the double walled zinc steel construction, it's fully bunded so any (potentially dangerous) spills are well contained.

Additional Shelf: 04-1063P

Wall Bracket: 04-10613

### Features

- Compact, robust, and high performing
- Lockable self-closing door for safety and security
- Non-spark closure
- One adjustable shelf (plus base)
- Easy to clean, built-in sump
