Flammable Cabinet - 250L Plus (Formerly 350L)

Product Code: 04-1069

Product Features

This super-sized Chemshed Flammable Cabinet provides even greater accessibility and product visibility – important for safety and compliance but also for stock control. (You can see what's inside at a glance.)

Designed to securely store larger containers, it has the flexibility to meet the needs of manufacturers and other high-volume users of flammable liquids.

Note: Although the capacity is 350L, the legislation states that no more than 250L of Class 3 may be stored in any one cabinet. The reason for the additional capacity of this cabinet is to allow for larger sized 20L containers to be stored together and/or to store other compatible substances (that are not Class 3).

Additional Shelf: 04-1069P
Wall Bracket: 04-10613

Features

- Generous, secure storage for larger flammable liquids containers
- Lockable, sequentially, self-closing doors
- Non-spark closure
- Two adjustable shelves (plus base)
- Easy to clean, built-in sump

Specifications

- Supplied with Class 3 decals
- Complies with the design requirements of AS1940:2017
- Sump capacity: 100L
- Weight: 180kgs
- Internal dimensions: 1,503 x 1,018 x 720mm (h,w,d)
- External dimensions: 1,750 x 1,100 x 800mm (h,w,d)
