

Specification Sheet

Gas Cylinder Store - Medium

Product Code: 04-1091

Product Features

This versatile unit proves that storing Class 2 gas cylinders doesn't have to be complicated to be safe, secure and compliant.

Built tough from heavy duty steel, to protect against theft or tampering, this unit provides the options of using all three shelf levels or just one - if there are tall cylinders to store.

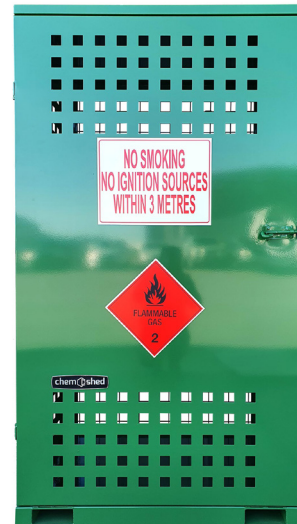

And, if the business is growing we recommend checking out the **Chemshed Gas Cylinder Store – Large**.
