

Specification Sheet

Oxidising Agent Cabinet - 30L

Product Code: 04-1200

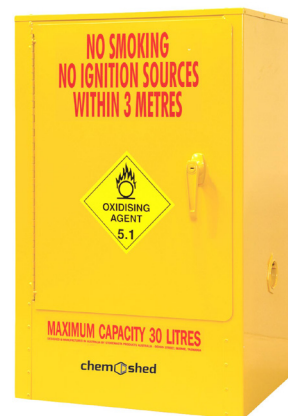

Product Features

This scientifically proven cabinet is the logical choice for labs and businesses storing small amounts of Class 5.1 oxidising agents, including sulphuric acid, hydrogen peroxide and potassium nitrate.

The under-bench design keeps workspaces clear and uncluttered and the hazardous contents out of harm's way - protecting staff. Because things can go wrong, in even the most controlled environments, the cabinet is fully bunded.

Additional Shelf: 04-1063P

Wall Bracket: 04-10613

Features

- Minimal size, maximum safety performance
- Non-latching, close fitting doors that automatically release in the event of a build-up of pressure within the cabinet
- One adjustable shelf (plus base)
- Can be externally vented by removing a vent plug on either of the two sides and fitting appropriate pipework
- High-spec safety performance – reducing risks from of heat, friction and contact with incompatible substances
