

Specification Sheet

Oxidising Agent Cabinet - 160L

Product Code: 04-1203

Product Features

For medium-level users, this larger cabinet will safely store up to 160L of Class 5.1 oxidisers. The high-spec cabinet makes it easy to combine safety and compliance with accessibility and practicality. As a first line of defence, it is an excellent solution.

(Remember, before storing, always carefully check the containers to make sure they are undamaged and labelled correctly. Avoid overcrowding.)

Additional Shelf: 04-1066P

Wall Bracket: 04-10613

Features

- Designed for those using a medium amount of oxidisers, on a regular basis
- Non-latching, close fitting doors that automatically release in the event of a build-up of pressure within the cabinet
- One adjustable shelf (plus base)
- Can be externally vented by removing a vent plug on either of the two sides and fitting appropriate pipework
- High-spec safety performance – reducing risks from of heat, friction and contact with incompatible substances
