## Oxidising Agent Cabinet - 250L

Product Code: 04-1204

### Product Features

For larger users of Class 5.1 oxidising agents it's doubly important to have effective, compliant storage. This robust, fit-for-purpose cabinet stores a wide variety of container sizes up to 20L. So, safety and practicality are ticked off.

But we're not quite finished. The cabinet should be sited away from doors, with an Emergency Safety Shower and Hand Operated Eye Wash Unit in place nearby.

Additional Shelf: 04-1067P

Wall Bracket: 04-10613

### Features

- Designed for high and regular users of oxidising agents
- Non-latching, close fitting doors that automatically release in the event of a build-up of pressure within the cabinet
- Two adjustable shelves (plus base)
- Can be externally vented by removing a vent plug on either of the two sides and fitting appropriate pipework
- High-spec safety performance – reducing risks from of heat, friction and contact with incompatible substances
