

Specification Sheet

Organic Peroxide Cabinet - 30L

Product Code: 04-1300

Product Features

Class 5.2 organic peroxides are highly unstable, and storage needs to be well away from processing and handling areas, and even further from heat sources (including direct sunlight) and incompatible materials.

This 30L cabinet is purposely built to store small amounts of organic peroxides safely, keeping in mind the tips above. Access is easy and contents are visible at a glance which is handy.

Additional Shelf: 04-1063P

Wall Bracket: 04-10613

Features

- Sized for businesses using small amounts of organic peroxide
- Lockable, self-closing door
- One adjustable shelf (plus base)
- Designed for performance and durability
