

Specification sheet

Hazero Premium Spill Kit - Chemical - 100L

Product Code: 13-1088

Product Features

We've probably all heard that the one thing unacceptable for someone in leadership to say is; "I did not see that coming." This leading-edge chemical kit prevents being blindsided. And means when (not if) something goes wrong, a leading-edge solution is there. No one will be put in harm's way.

All the procedures will be there to be followed. It doesn't matter how professional a company is or how well run, accidents do happen. All it takes is for a forklift to graze a drum, or a lab coat to catch on a doorhandle and people, property, the environment are all on the line. It's foreseeable.

Features

- For all liquids, including harsh acids
- High grade absorbents
- Drum Plug stops leaks at the source
- Top-quality PPE gear, includes Protective Coveralls, carry case
- With Hazard Tape for spill area management
- Includes a Weather and Security Cover
