

Specification sheet

New Pig Spill Deck - 1 Drum with Bladder

Product Code: 01-1082

Benefits

Space is not only the final frontier, it's also at an absolute premium in many workshops and storage areas. At the same time, no-one can afford to scrimp when it comes to safely containing dangerous substances. This New Pig Spill Deck with Bladder solves both problems.

The New Pig Bladder Attachment's extra capacity, (over and above the sump's), allows a 200L drum to be stored on the unit while meeting the 110% containment required for compliance.

Assembly required.

Features

- 100% polyethylene - no rust or corrosion
- Low profile, compact design
- Additional 208L spill containment
- Seamless flow-through from sump to bladder
- Bladder only deploys once the sump is full

Specifications

- Max load: 680kgs
- Sump capacity: 250L
- Weight: 10kgs
- Dimensions: 146 x 660 x 660mm (h,w,d)
