

Description: Sorbent Pad - Organic - Oil Only

Product Code: 06-1008

Sorbent Pad - Organic - Oil Only

Product Features

Clean up oil spills on water, in the rain or on dry land with this organic oil only sorbent pad made from sustainably sourced cellulose natural fibres.

The product structure draws all hydrocarbons inside the fibres, whilst repelling water. This capillary action increases the speed and ease of clean-up and absorbed liquids remain trapped - preventing leaking and leaching in landfills.

- Heavy weight – highly durable meaning it stays on the job for longer
- Abrasion and UV resistant exterior
- Virtually lint-free
- Contains up to 75% renewable and recycled natural fibres
- Perforated with a tough, spun-bond cover
- Pack size: 100

Product Code	Grade	Absorbs (per pad)	Suitable for	Construction (ply)	Dimensions (w,l)	Colour	Material
06-1008	Heavy weight	1.1L	Oils, fuel and solvents - not water	Four ply	460 x 400mm	White	Cellulose fibres
