

**Description:** Drain Warden

**Product Code:** 22-1009

## Drain Warden

### Product Features

A very simple yet effective measure for preventing silt run-off and rubbish from entering the storm water system. Leave inserted as a short term collection device.

Very easy to fit - just cut to suit your drain size.

Easy to service.

- Suits both round and square drains
- Overflow ports to prevent blocking
- Collects silt and sediment, allows clean water through
- Add a Sump Pillow (08-1007) to also collect hydrocarbons
- Tough geotextile fabric
