## Spill Tray - 60L

Product Code: 01-1038

### Product Features

Battery acid has a bad reputation for a very good reason. Its very real dangers mean keeping batteries and battery acid safely contained should be a workshop priority.

This Controlco Spill Tray is just what's needed. It helps keep things organised and tidy and, importantly, means that any accidental knocks, drips, leaks or spills are not going to be a huge disaster.

Made from 100% polyethylene, so there's no risk of rust or corrosion, it's durable, lightweight and easy to clean with Controlco Sorbent Pads and Safety Gloves.

### Features

- 100% polyethylene - no rust or corrosion
- Durable and practical – built for the demands of busy Kiwi workshops
- Removable non-skid platform stops containers from sliding around
- Easy clean sump. (We recommend using Controlco Sorbent Pads for the job.)

### Specifications

- Max load: 200kgs
- Sump capacity: 60L
- Weight: 9kgs
- Dimensions: 175 x 1,000 x 600mm (h,w,d)
