

# Specification Sheet

## Roll Top - Double IBC

Product Code: 01-1080

### Product Features

This large, compliant 100% polyethylene Roll Top keeps up to 2 x 1,000L IBC units protected from the elements and out of harm's way.

Ideal for instant management of oil or chemicals, (and forkliftable when empty) its unique, flexible design allows access to the unit from both sides to suit any site.

A real asset and practical as well.

Please note: as this unit has a shared sump so chemicals stored in each IBC must be compatible. Storing incompatible chemicals in either IBC could result in serious damage and/or harm.

Assembly required.

### Features

- 100% polyethylene - no rust or corrosion
- Forkliftable (when empty) for easy relocation
- Lockable roll-top design for security
- Front double-opening doors provide easy access
