

Specification Sheet

Corrosive Cabinet - 30L

Product Code: 04-1070

Product Features

Storing only what you need is always best practice for corrosive management. But even smaller amounts of Class 8 corrosives need specialist storage to ensure safety and compliance.

This cabinet is a stand-alone solution for situations where space is limited and only a few, smaller containers need to be stored. While the cabinets are fully bunded, two PVC spill trays give a welcome extra level of confidence.

Additional Shelf: 04-1063P

Wall Bracket: 04-10613

Features

- Lockable, self-closing, easy access door
- Non-spark closure
- One adjustable shelf (plus base)
- Two PVC spill trays
