

Specification Sheet

Drum Top Pad - Oil Only

Product Code: 06-1020

Product Features

Forget drum tops loaded with rags. These Controlco Drum Top Pads represent an instant upgrade – eliminating the mess and grime caused by oil drips and overflows.

They keep drums and workplaces looking professional and clean, encourage best practice, and help prevent contamination and slipping hazards.

With pre-cut holes for large or small bung access.

Features

- For oils, fuels, and solvents – not water
- Dual ply construction

Specifications

- Absorbs up to 1.6L per pad
- 560mm diameter
