

Specification Sheet

Sorbent Sock - Oil Only - 3.6m

Product Code: 08-1001

Product Features

Extra absorbency (up to 18L per sock) makes this Sorbent Sock a substantial first defence against oil, fuel, and solvent contamination in the workplace.

Flexibility and a practical design mean it creates a snug-fitting, reliable bund around machinery or other potential sources of leaks and spills.

Robust yet easy to deploy it is the perfect example of prevention being better than cure. And, because it targets hydrocarbons, no capacity is wasted soaking up rain or surface water.

Features

- For oils, fuels, and solvents – not water
- Practical, high performing, flexible bunding
- Durable and suited to tough work environments

Specifications

- 100% polypropylene
- Colour: white
- Absorbs up to 18L per sock
- Dimensions: 75mm x 3.6m (w,l)
