

Specification Sheet

Sorbent Sock - Chemical - 1.2m

Product Code: 08-1005

Product Features

Made in 100% polypropylene this Sorbent Sock is designed to surround, control, clean-up, and generally lock down spills of highly concentrated acids and other dangerous goods.

Its flexibility means it is easy to mould around chemical spills, and its composition ensures it won't degrade or cause a dangerous reaction when deployed. (Which, in these kind of stressful situations, is a real weight off the mind.) A solution that stops spills in their tracks.

Features

- For all harsh liquids, including acids and corrosives
- Exceptional, flexible, non-reactive liquid control

Specifications

- 100% polypropylene
- Colour: high-visibility yellow
- Absorbs up to 5L per sock
- Dimensions: 75mm x 1.2m (w,l)
