

# Specification Sheet

## Controlco Everyday Spill Kit - Oil Only - 50L

Product Code: 13-1006

### Product Features

Waterways are the lifeblood of New Zealand. This spill kit is doing its best to help make sure they are protected from oil, fuel and solvent; one drain, creek, stream, river, and seashore at a time. The ability to respond quickly and appropriately when our environment and aquatic life is threatened is vital.

This kit selectively absorbs up to 50 litres of hydrocarbons, without taking in a drop of water – making it invaluable for lifting oil spills off water. The local fish and chip store will thank you for it.
