

# Specification Sheet

## Controlco Premium Spill Kit - Oil Only - 20L

Product Code: 13-1080

### Product Features

This small but perfectly-stocked hydrophobic kit selectively absorbs spills of oils, fuels, and solvents but leaves water behind. With one of these onboard (or in the boot) every boat or vehicle has what's needed to tackle contamination wherever it raises its ugly head.

This kit does its bit to keep New Zealand's waters clean, and protect the humans around it from slips and falls. It even comes with an instruction card so no-one messes up while they're cleaning up. Along with hazardous waste bags for when the crisis has been averted.

### Features

- For oils, fuels, and solvents – not water
- High grade absorbents
- Includes nitrile gloves and Face Mask with P2 Valve
- Lightweight and super convenient to stow
- Quick to access in emergencies
