

Specification Sheet

Body Fluid Powder - 5kg Tub

Product Code: 13-2005

Product Features

Cleaning up human bodily fluids is a necessary part of life. This 5kg tub of Body Fluid Powder makes it quicker, safer, and easier.

Designed to minimise disruption and contamination, the natural absorbent eliminates odours, and absorbs and coagulates the spill making it easy to manage.

We recommend the Hazardous Waste Bags for contained, safe disposal.

Essential for every early childhood centre, schools, elder care facilities, supermarkets, malls, restaurants, medical centres, and vets. Or take an extra step up with the Controlco Biohazard Spill Kit.
