

Specification Sheet

Emergency Eye Wash Location Sign

Product Code: 18-1016

Product Features

These signs fulfill three valuable functions. They indicate the location of the eye wash which could protect personnel against eye damage or loss in the event of an emergency. They are also a powerful reminder of the dangers of hazardous goods and of the need to treat them with respect. Finally, they include the prompt to use the eye wash for at least 15 minutes. The more often people see these messages, the more likely they are to respond appropriately in an emergency.

Specifications

- Dimensions: 450 x 300mm (h,w)
