

# Specification Sheet

## Spill Deck - 1 Drum

Product Code: 01-1072

### Product Features

Life and businesses change. The need to protect workplaces against hazardous substance spills and drips doesn't. This modular 1 Drum Spill Deck was designed to take both into account.

It's great for secondary containment of small, individual drums so it could be just the beginning. Or effortlessly connect it with more or larger units using the system's tools and hardware (supplied).

Manufactured in 100% polyethylene, the fully bonded deck has a very easy-clean sump - we recommend using Controlco Sorbent Pads for the job - and a removable non-skid grate.

### Features

- 100% polyethylene - no rust or corrosion
- Removeable non-skid grate
- Modular – easily clips together with extra Spill Decks

### Specifications

- Max load: 680kgs
- Sump capacity: 42L
- Weight: 10kgs
- Dimensions: 146 x 660 x 660mm (h,w,d)
