

Specification Sheet

Spillpal

Product Features

Deceptively tough, these flexible spill pallets are quick to deploy and provide a great alternative to their rigid counterparts.

Ideal for spill control where a drum, machinery or parts are being stored temporarily, they combine a durable, UV-resistant design with foam sidewalls which are highly resilient but still provide easy access.

We'd suggest using a layer of Hazero Sorbent Roll inside the pallet to save time on clean-ups.

Features

- Heat welded for reliable containment
- High visibility yellow
- Quick and easy to deploy
- Durable and easy to clean
- Tough tri-foam walls
- Chemical and UV resistant

Choose the right Spillpal for your workplace

Model	Product Code	Drum Capacity	Sump Capacity	Dimensions (H,W,D)
Spillpal 1 Drum	02-1000	1 drum	38L	80 x 610 x 610mm
