

Specification Sheet

Spill Tray

Product Features

Designed to make workplaces and work practices safer, its generous, easy-clean sump ensures liquids don't escape onto the workplace floor, causing slipping hazards and contamination.

Made from durable, 100% polyethylene it won't rust or corrode and will deliver a lifetime of reliable performance in even the toughest work environments.

Features

- 100% polyethylene - no rust or corrosion
- Durable and practical
- Removable non-skid platform stops containers from sliding around
- Easy clean sump.
