

# Specification Sheet

## EnviroPad® - XLarge

Product Code: 01-1107

### Product Features

Try as we all might, oil and fuel leaks and spills are part of daily working life. But what if there was a better way to contain them?

Ingenious EnviroPads provide a brilliantly effective solution.

They transform hydrocarbons quickly and efficiently into solid rubber. (No, sorry, we can't tell you how!) Potential contamination, slip hazards, and stains are permanently contained in the super low profile, durable pad which continues to perform even under pressure. Literally.

They add untold value to operations, transforming workplaces and supporting our responsibilities to the planet by ensuring oil and fuel are safely contained.

### Features

- Generous capacity
- Repels rain, converts hydrocarbons to solid rubber
