

Hazero Spill Pallet - Double IBC

Product Code: 01-1026

Benefits

Protecting workers and the environment from IBC spills and drips go beyond compliance (though that's important).

This Hazero Spill Pallet has a flat platform making loading and unloading safer. Designed for up to 2 x IBC units and forkliftable (when empty) it's easy to relocate when a business's needs change.

A removable grate makes sump access hassle-free. (We recommend Hazero Sorbent Pads for sump cleaning.)

Please note: as this unit has a shared sump, chemicals stored in each IBC must be compatible. Storing incompatible chemicals may result in damage or harm.

Optional dispenser: 01-1028

Optional weather cover: 01-1031

Features

- 100% polyethylene - no rust or corrosion
- Flat, removable grates for safe loading and quick sump access
- Forkliftable (when empty) for easy relocation
- Hazero Shield of Honour

- Dimensions: 575 x 2,260 x 1,465mm (h,w,d)

The Hazero Shield of Honour is more powerful than a "lifetime guarantee".

It means our reputation is on the line not only when a product is sold, but every single time it is used.

If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge.

You don't need a receipt. Or even a reason. No questions asked.

Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation.

Shield your people. Shield your business.
