

Hazero Sorbent Pad - Oil Only - Light Weight

Product Code: 06-1000

Benefits

It's a bit like a magic trick. But for real. Designed for marine situations, this light weight but tough 100% polypropylene hydrophobic pad will soak up oil and other hydrocarbons while leaving water behind.

They're brilliant for use anywhere that spills or leaks need to be cleaned-up to protect people, business reputations and our environment. From boats and boat yards to light industry and forecourts.

And it means clean-ups are focussed on the target contaminants rather than being wasted on rainwater or seawater.

Also available in heavy weight and super weight.
