Hazero Sorbent Roll - Oil Only - 800mm x 50m

Product Code: 07-1007

Benefits

In easy to tear-off perforated, 800m x 50m double ply sections this sorbent roll soaks up oils, fuel, and solvents but not a single drop of water. So, clean-up can be 100% targeted to the real threat at hand.

Absorbing up to a cracking 144 L per roll, the heavy weight sorbent's capacity makes it a no-brainer for marine environments. But it's also more than proved its worth in manufacturing and food production where it provides a valuable barrier around production lines, safeguarding hygiene and protecting against contamination.

Here's a tip – use them as an extra layer inside Spillpals for an added protection and to save time on clean-up.

Available with a handy dispenser to make life even easier.

Optional dispenser: 07-1010.

Features

- For oils, fuels, and solvents – not water
- Marine friendly
- Super tough – won't break-up or disintegrate while doing its job
- Perforated for easy use
- Protects against contamination and slips and falls onsite

Specifications

- 100% polypropylene
- 300gsm
- Absorbs up to 216L per roll
- Colour: white
- Dimensions: 800 x 50m (w,l)
