Hazero Sorbent Pillow - General Purpose

Product Code: 09-1001

Benefits

Persistent leaks of all kinds can become a potential slipping and contamination hazard. Not only that but they take up precious time in constant clean-ups. This Hazero Sorbent Pillow is an excellent solution.

A large surface area allows it to effortlessly absorb up to 4L, per pillow, of almost any kind of liquid from water and detergents to coolants, solvents, and mild acids.

A tough cover stock outer means it'll stand up to worksite conditions.

For harsh acids, check out the Hazero Sorbent Pillow – Chemical.

Features

- For all mild liquids – including water based
- Tough knitted outer for durability
