

Specification sheet

Hazero Aerosol Store – 18 can

Product Code: 41-0201

Benefits

When not stored appropriately and compliantly, aerosol cans have the ability to create havoc. Subject to theft and misuse, they are also potentially flammable and explosive. On top of all that, cans need to be protected from damage or impact that could cause leaking or explosions!

Suited to smaller workshops, this Hazero aerosol cabinet provides safety, and security. New Zealand designed and fabricated it combines down-to-earth value with durability, and strength. And, it can be locked, and bolted to a bench – for extra peace of mind.

Remember: Always locate cabinets at least 3 metres from heat sources.

Features

- New Zealand designed and fabricated
- Projectile protection keeps people and property safe
- Side wall perforation supports ventilation requirements
- Fit-for-purpose design makes compliance easy
- Lockable to discourage theft or misuse
- Option of hinging doors left or right to suit the space
- Hazero Shield of Honour

- Complies with the design requirements of AS4332-2004.
- Weight: 8kgs
- External dimensions: 430 x 453 x 275mm (h,w,d)

The Hazero Shield of Honour is more powerful than a “lifetime guarantee”.

It means our reputation is on the line not only when a product is sold, but every single time it is used.

If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge.

You don't need a receipt. Or even a reason. No questions asked.

Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation.

Shield your people. Shield your business.
