

Hazero Biosecurity Kit

Product Code: 13-1025

Product Features

This biosecurity spill kit is part of the dedicated layers of processes and protocols that ensure the safety of our borders - protecting our environment and our native flora and fauna.

Invaluable for anyone unloading imported products, this kit meets the high levels of compliance required for dealing with and disposing of biosecurity waste.

Products in this mobile and high-visibility kit include specimen jars and MPI-approved insect spray.

Features

- Easy to deploy
- Robust and weatherproof
