Hazero Lithium-ion Battery Safety Cabinet – Large

Product Code: 41-0105

Benefits

For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire.

Extra space inside gives more storage options for larger batteries (think scooters, e-bikes etc) as well as the charging equipment and power tools themselves – should you want to keep these extra secure.

Spills or leaks of electrolytes are safely contained in the in-built sump in the base of the unit.

Features

- Sequentially, self-closing doors
- Two adjustable perforated shelves (plus base)
- Designed and fabricated in New Zealand
- Easy to clean, built-in sump
- Lockable non-spark closure
- Adjustable feet to keep everything stable
- Hazero Shield of Honour

Specifications

- Supplied with relevant hazard decals
- Follows the design requirements of AS1940:2017.
- Weight: 140kgs
- Internal dimensions: 1,480 x 1,010 x 410mm (h,w,d)
- External dimensions: 1,805 x 1,100 x 500mm (h,w,d)

The Hazero Shield of Honour is more powerful than a “lifetime guarantee”.

It means our reputation is on the line not only when a product is sold, but every single time it is used.

If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge.

You don't need a receipt. Or even a reason. No questions asked.

Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation.

Shield your people. Shield your business.

Please note: A 24-month warranty applies to electrical components on Hazero stores.
