Hazero Lithium-ion Battery Safety Cabinet – Medium

Product Code: 41-0104

Benefits

This double-doored unit will provide an easily accessible and convenient location to safely secure your Lithium-ion batteries. Adjustable shelves means it can be configured to suit a range of types and number of batteries. It also provides space to add an optional charging point (or two!).

Features like the sequential, self-closing doors mean that batteries are kept away from external threats such as heat, and sparks from other equipment operating nearby. And, in the event of a battery fire, you gain precious extra minutes.

Features

- Intuitive design
- Double sequentially, self-closing doors
- Designed and fabricated in New Zealand
- One adjustable perforated shelf (plus base)
- Robust construction helps protect people and property
- Easy to clean built-in sump
- Lockable non-spark closure
- Adjustable feet to keep everything stable
- Hazero Shield of Honour

Specifications

- Supplied with relevant hazard decals
- Follows the design requirements of AS1940:2017.
- Weight: 108kgs
- Internal dimensions: 895 x 1,010 x 410mm (h,w,d)
- External dimensions: 1,230 x 1,100 x 500mm (h,w,d)

The Hazero Shield of Honour is more powerful than a “lifetime guarantee”. It means our reputation is on the line not only when a product is sold, but every single time it is used. If the product doesn’t meet your expectations over the next 99 years, we or our descendants (we’re a multi-generational company), will refund, replace, or repair it. Free of charge. You don’t need a receipt. Or even a reason. No questions asked. Naturally, that’s so long as you use your Hazero product as intended and in accordance with existing legislation. Shield your people. Shield your business.
