Hazero Oxidising Agent Cabinet – 100L

Product Code: 41-0503

Benefits

Class 5.1 oxidising agents including potassium nitrate, sulphuric acid and nitric acid demand secure, safe storage for everyone's wellbeing. This generously sized, locally made, double skinned cabinet gives the best of both worlds – hidden away under work benches it provides protection without getting in anyone's way, or risking being hit by equipment. Among its features are self-closing, close fitting doors that automatically release in the event of a build-up of pressure within the cabinet.

Features

- New Zealand designed and fabricated
- One adjustable perforated shelf (plus base)
- Can be externally vented by removing a vent plug on either of the two sides and fitting the necessary piping to the outdoors
- Durable and compliant
- Optimises work space while reducing risk to people and property
- Adjustable feet to keep everything stable.
- Hazero Shield of Honour

Specifications

- Supplied with Class 5.1 decals
- Built to comply with the requirements of AS4326-2008
- Weight: 83kgs
- Internal dimensions: 460 x 1,010 x 410mm (h,w,d)
- External dimensions: 785 x 1,100 x 500mm (h,w,d)

The Hazero Shield of Honour is more powerful than a "lifetime guarantee". It means our reputation is on the line not only when a product is sold, but every single time it is used. If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge. You don't need a receipt. Or even a reason. No questions asked. Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation. Shield your people. Shield your business.
