

Specification sheet

Hazero Oxidising Agent Cabinet – 30L

Product Code: 41-0501

Benefits

Spontaneous fire is not a good thing. Anywhere. This specialist, locally designed cabinet for storing small amounts of Class 5.1 oxidising agents is designed to help avoid that, and other potential damage to people and property from these volatile products.

Fully bunded, and double skinned, the under-bench cabinet keeps substances including sulphuric acid, hydrogen peroxide and potassium nitrate secured. And, as it's tucked away, there's more workspace.

Features

- New Zealand designed and fabricated
- Minimal size, maximum safety performance
- Self-closing, close-fitting, non-latching door (as required by the Standard)
- One adjustable perforated shelf (plus base)
- Protects people and property by reducing risk
- Adjustable feet to keep everything stable
- Hazero Shield of Honour

Specifications

- Supplied with Class 5.1 decals
- Built to comply with the requirements of AS4326-2008
- Weight: 50kgs
- Internal dimensions: 460 x 505 x 410mm (h,w,d)
- External dimensions: 785 x 600 x 500mm (h,w,d)

The Hazero Shield of Honour is more powerful than a "lifetime guarantee".

It means our reputation is on the line not only when a product is sold, but every single time it is used.

If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge.

You don't need a receipt. Or even a reason. No questions asked.

Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation.

Shield your people. Shield your business.
