

Hazero Premium Spill Kit - General Purpose - 100L

Product Code: 13-1087

Product Features

In spill terms, this kit is as close as humanly possible to being prepared for every and any eventuality. (Seriously. Even the PPE has its own carry case.)

It provides for professional level clean-up of spills and potential contaminants ranging from water-based liquids to oils to mild chemicals. Or all of them. All at once. Even if a crowd has gathered to watch. (It has tape to keep them back.)

The kit anticipates liquids heading for the wastewater. So, it has a Drain Protector. And that leaks might need stopping. (No problem, it has Drum Plug.) From minor predicaments to full-scale, disaster-movie type spills this kit has the answers.
