Hazero Starter Spill Kit - Oil Only - 50L

Product Code: 13-1077

Product Features

The gear in this kit attracts oils, fuels, and solvents but repels water. (It's a science thing. Kind of like magnets.) That makes it great for spills that are in, or close to, water. Using this kit will keep contaminants out of our storm drains, rivers and in the end the sea. That helps benefit everything from whitebait to whales - which is not a bad effort.

And it saves you a lot of trouble while it's doing it. You'll be surprised how quick and easy it is to use and it'll keep your work area (or boat) cleaner and safer from slips and falls.

If, you're thinking that something a little larger might be more appropriate, think about the Hazero Starter Spill Kit - Oil Only - 100L | 13-1065.
