Hazero Toxic Substance Cabinet – 100L

Product Code: 41-0603

Benefits

Class 6 toxic substances are a necessary evil but, let's face it, potentially lethal. So, how best to manage and control them?

The first step is appropriate storage.

For the medium-users, this locally designed double door cabinet protects people from the substances and (importantly) fumes.

With contents that are the stuff of murder mysteries – security is everything. The adjustable feet on this unit help maintain stability. For extra peace of mind, there's the optional wall bracket.
