Safety Gloves - PVC (Red) 45 cm

Product Code: 14-1007R

Benefits

There are times to get your hands dirty and times when it's absolutely crucial you don't. These red, PVC gloves are recommended for spills and clean-ups involving oil, grease and chemicals, providing protection to responders. (We're thinking industries including manufacturing, transport and logistics.) An interlock lining makes them easy to get on and off – important in emergency situations.

Features

- High levels of resistance to oil, grease, and chemicals
- Interlock lining makes them quick and easy to put on and take off
- Avoids potential latex allergies

Specifications

- Size: XL
- 100% PVC
- 450mm length for hand protection
